This money is available to the employee if they would resign from the city. Once the employee begins to draw a retirement check from PERF this fund may be used to supplement that monthly retirement or received in full at retirement.
2. 6.25% is contributed for the employee (city's contribution) and is added to the general state retirement fund that supports all state employees through the PERF retirement program.

457 Plan (Supplemental Retirement Plan)

The City of Westfield offers three supplemental 457 retirement plan options to all employees. Employees may contribute (pre tax) a maximum amount authorized by law into one of these accounts (Valic, National Retirement Solutions, or The Hartford).

City Matching Contribution

To encourage employee participation in the 457 plans, the City makes a matching contribution of \$.50 for each \$1.00 contributed up to 6% of base pay for all civilian employees. This matching contribution is made in June and December of each year.

RETIREMENT

Supplemental Retirement Plan

To supplement retirement (because police officers are not part of the POLICE AND FIRE PERF program), the city contributes 13% of the officer's base pay into the 457 plan of their choice. This is done in June and December of each year. This plan, begun in 2000 is for all current and future police officers, and represents a continuing supplemental retirement program for police officers.

457 Supplemental Retirement Plan

Professional police officers can contribute additional (pre tax) funds into their 457 plan of choice to further supplement their retirement if they so desire.

City Matching Contribution

There is no matching program for Professional police personnel.

HOLIDAY PAY SCHEDULE -

Police officers are permitted to "select" their "Holidays" as additional vacation days scheduled with their supervisor. The number of holidays approved by the council is the same number of holidays offered to police officers.

Civilian PERF – 9.25% (2008) is contributed by the city for the PERF program (Public Employees Retirement Fund)

1. 3% is contributed on behalf of the employee (employee's contribution) and identified in a private account for the employee. This money is available to the employee if they would resign from the city. Once the employee begins to draw a retirement check from PERF this fund may be used to supplement that monthly retirement or received in full at retirement.
2. 6.25% is contributed for the employee (city's contribution) and is intended to fund the retirement program for all state employees through the PERF program

Police and Fire PERF

Professional Fire and Police personnel are covered by a state sponsored retirement plan that is referred to as the "1977 Police and Fire PERF program". This program began in 2000 for the Westfield Fire Department and will begin January 1, 2008 for Professional Police Officers.

Attachment B

1. 21% of the "Senior Fire Fighter" and "Patrolman 1st Class" base salary plus longevity is contributed by the city to the POLICE AND FIRE PERF program
2. 6% is deducted from each fire and police personnel's bi-weekly pay to make an additional contribution to this plan.

Buy Back Plan

Because of significant previous years of service to the City of Westfield before the new "POLICE AND FIRE PERF Program" was put into place, the City is required to make additional payments into the state POLICE AND FIRE PERF program for a period of 10 years ending in December 2011 to make up for past years of "non contributions". This "Buy Back" is for selected fire personnel that have been with the Fire department for an extended period of time. These additional contributions over a 10 year period are placed into the general retirement fund at the state level for fire pensions.

457 Supplemental Retirement Plan

Professional Fire personnel can contribute additional funds into their 457 plan of choice (Valic, National Retirement Solutions, or The Hartford) to further supplement their retirement.
